

AWARDS AND ACHIEVEMENTS

ArchSD is committed to serving the community with dedication and heart. Despite different challenges, including ever-changing urban needs, social instability, health crisis, and climate change, we attach firmly to our visions to enrich the living environment of the community through our professionalisms and deployment of innovative designs and features. We keep our staff abreast of the latest industry trends and innovative technologies, ensuring they are of competency to develop climate resilience in our buildings and facilities. In 2019, we were honoured to receive a number of awards and achievements in recognition of our efforts from the following professional bodies, institutions and award organisers.

The Royal Institution of Chartered Surveyors (RICS) Awards 2019 Hong Kong

With well-recognised global standards and reliable database, the annual RICS Awards Hong Kong is regarded as one of the premier built environment awards in the Asia-Pacific region. It aims to provide a foundation for a confident market and drive positive social impact. The Awards showcases the outstanding achievements and developments of industry professionals, who created better spaces to live and helped to build resilient communities. ArchSD was commended with the following awards in 2019:

'Installation of Leakage Detection System in North District Government Offices'

Excellence in category 'Facilities Management Team of the Year'

'Fitting-out of the Smart Identity Card Replacement Centres'

Excellence in category 'Construction Project Management Team of the Year'
