

**Architectural Services Department**

**Open Data Plan for 2023 to 2025**

**A. Departmental datasets to be released in 2023**

<b>#</b>	<b>Type of Data/ Name of Dataset</b>	<b>Target Release Date (in mm/yyyy)</b>	<b>Frequency of Update</b>	<b>Remarks</b>
1	N/A			

**B. Departmental datasets to be released in 2024 and 2025**

<b>#</b>	<b>Type of Data/ Name of Dataset</b>	<b>Target Release Date (in mm/yyyy)</b>	<b>Frequency of Update</b>	<b>Remarks</b>
1	N/A			

**C. Datasets planned to be opened up by other organisations**

<b>#</b>	<b>Type of Data/ Name of Dataset</b>	<b>Target Release Date (in mm/yyyy)</b>	<b>Frequency of Update</b>	<b>Remarks</b>
1	N/A			

**D. Progress: Datasets already uploaded to PSI Portal by Department and other organisations**

#	Type of Data/ Name of Dataset	Release Date (in mm/yyyy)	Frequency of Update	Remarks
1	Development / List of consultants of AACSB – Building Services Category Band 1	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provide the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Services Category Band 1 (including the name of consultant and their contact details) in JSON format.
2	Development / List of consultants of AACSB – Building Services Category Band 2	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provide the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Services Category Band 2 (including the name of consultant and their contact details) in JSON format.
3	Development / List of consultants of AACSB – Landscape Architectural Category	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provide the updated list of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Landscape Architectural Category (including the name of consultant and their contact details) in JSON format.
4	Development / List of consultants of AACSB – Architectural Category Band 1	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Architectural Category Band 1 (including the name of consultant and their contact details) in JSON format.
5	Development / List of consultants of AACSB – Architectural Category Band 2	03/2019	As and when necessary	This dataset provides the updated list and information of consultant under

#	Type of Data/ Name of Dataset	Release Date (in mm/yyyy)	Frequency of Update	Remarks
			(The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	the Architectural and Associated Consultants Selection Board (AACSB) Architectural Category Band 2 (including the name of consultant and their contact details) in JSON format.
6	Development / List of consultants of AACSB – Building Surveying Category	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Surveying Category (including the name of consultant and their contact details) in JSON format.
7	Development / List of consultants of AACSB – Quantity Surveying Category Band 1	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Quantity Surveying Category Band 1 (including the name of consultant and their contact details) in JSON format.
8	Development / List of consultants of AACSB – Quantity Surveying Category Band 2	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Quantity Surveying Category Band 2 (including the name of consultant and their contact details) in JSON format.
9	Development / List of consultants of AACSB – Structure Engineering Category Band 1	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Structure Engineering Category Band 1 (including the name

#	Type of Data/ Name of Dataset	Release Date (in mm/yyyy)	Frequency of Update	Remarks
				of consultant and their contact details) in JSON format.
10	Development / List of consultants of AACSB – Structure Engineering Category Band 2	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Structure Engineering Category Band 2 (including the name of consultant and their contact details) in JSON format.
11	Development / Building Works Tender Price Index	06/2019	Quarterly	This dataset provides the Building Works Tender Price Index (BWTPI) for indication of the level of tender prices for new building works (excluding building services works) undertaken by the Architectural Services Department in JSON format.
12	Development / Building Services Tender Price Index	06/2019	Quarterly	This dataset provides the quarterly Building Services Tender Price Index (BSTPI) for indication of the level of tender prices for major building services installations in new building works undertaken by the Architectural Services Department in JSON format.
13	Development / Capital projects under planning	09/2019	Monthly	This dataset provides the details of capital projects (exclude minor works projects) under planning by the Architectural Services Department (including project title, estimated project cost and scheduled project start year, etc.) in JSON format. A related dataset has been released on the CSDI portal in 12/2022.
14	Development / Capital projects under construction	09/2019	Monthly	This dataset provides the details of capital projects (exclude minor works projects) under construction by the

#	Type of Data/ Name of Dataset	Release Date (in mm/yyyy)	Frequency of Update	Remarks
				Architectural Services Department (including project title, contract number, contract sum and contractor name, etc.) in JSON format. A related dataset has been released on the CSDI portal in 12/2022.
15	Development / Tender Notices	12/2019	As and when necessary (The dataset will be updated from time to time based on the tender exercises of public works projects)	This dataset provides the details of works contracts under tender by the Architectural Services Department (including contract title, contract number and tender closing date, etc.) in JSON format.
16	Development / Contracts Awarded for Works (in the past 3 months)	12/2019	As and when necessary (The dataset will be updated from time to time based on the contract award status of public works projects)	This dataset provides the details of works contracts awarded by the Architectural Services Department in the past 3 months (including contract title, contract number, awarded contractor name and contract award date, etc.) in JSON format.
17	Development / Notices of Invitation for Expression of Interest for Consultancy Agreement	12/2019	As and when necessary (The dataset will be updated from time to time based on the invitation of Expression of Interest for Consultancy Agreement)	This dataset provides the details of consultancies' Expression of Interest invited by the Architectural Services Department (including consultancy title and closing date, etc.) in CSV format.
18	Development / Notices of Invitation for Technical and Fee Proposal for Consultancy Agreement	12/2019	As and when necessary (The dataset will be updated from time to time based on the invitation of Technical and Fee Proposal for Consultancy Agreement)	This dataset provides the details of consultancies' Technical and Fee Proposal invited by the Architectural Services Department (including consultancy agreement title and closing date, etc.) in CSV format.
19	Development / Agreement Awarded for Consultancy Agreement (in the past 12 months)	12/2019	As and when necessary (The dataset will be updated from time to time based on the consultancy agreement award status of public works projects)	This dataset provides the details of consultancies awarded by the Architectural Services Department in the past 12 months (including consultancy agreement number,

#	Type of Data/ Name of Dataset	Release Date (in mm/yyyy)	Frequency of Update	Remarks
				consultancy agreement title, consultant name, date of award and fee, etc.) in CSV format.
20	Development / Awarded Contractors under Green Contractor Awards	01/2020	Annually	This dataset provides the details of awarded contractors under the Green Contractor Award of the Architectural Services Department (including award type, awarded contractor name and the project awarded) in JSON format.
21	Development / Hong Kong Green Building Council (HKGBC) BEAM Plus Assessment Final Grading for Completed Capital Works Projects managed by the Architectural Services Department	01/2021	Quarterly	This dataset provides the final grading, assessment version, overall score and project completion year of BEAM Plus certification for new completed capital works projects managed by the Architectural Services Department in JSON format.
22	Finance / Spending data of Head 25 - Architectural Services Department under General Revenue Account for Financial Year 2022-23	10/2022	Quarterly	This dataset provides the actual expenditure of the Architectural Services Department under Head 25 in CSV format
23	Environment / Trees on SIMAR Slopes Maintained by ArchSD	12/2022	Annually	This dataset provides information of the trees on Registered Man-made Slopes maintained by ArchSD in FGDB format for releasing to CSDI portal. Please observe the relevant terms and conditions of the CSDI portal when using the information contained in this dataset.
24	Development / Government buildings and facilities maintained by ArchSD	12/2022	Annually	This dataset provides information of government buildings and facilities maintained by ArchSD in FGDB format for releasing to CSDI portal. Please observe the relevant terms and conditions of the CSDI portal when using the information contained in this dataset.
